Dear Parents/Caregivers,

DEADLY AUSTRALIANS VISIT PREP

On Thursday, 22nd March, 2018, we are fortunate to have the "Deadly Australians" program visiting our Prep classes. The children will be able to learn first-hand about unique venomous and non-venomous snakes, lizards and turtles as part of our Science Unit for this term, "Living Things". There is a strong indigenous element to the presentations, with traditional names and stories for and about the animals.

The students will be carefully supervised throughout the visit by their Teachers, Teacher Aides, and the people bringing us the Deadly Australians program, in particular Marc Dorse, a respected authority on dangerous animals, Toxicologist and Herpetologist. All venomous animals are under lock and key.

The cost per student is \$6.00.

We would appreciate it if the attached Permission Slip below can be returned to the office with the \$6.00 by Thursday, 15th March, 2018.

Regards,
Prep Teachers.
