Parent Information for Class Placement of Students for 2023.

Effective schools are characterised by a productive partnership between parents and staff. We spend a great deal of time at the end of the year allocating children to classes for next year to create a supportive teaching and learning environment for all concerned.

If there is some specific information that you wish to share with us that will assist us in this decision- making process, please write it below. You may wish to indicate special information and specific teaching approaches that you feel best suits your child.

It should not be presumed that all information from previous years or a conversation during the year will be remembered. It is requested that information a parent wishes to be considered be included in this form**. Please note a new request form needs to be completed each year.**

Please **do not** ask for specific teachers as staffing has not yet been finalised for 2023 and there is no guarantee that specific teachers will be teaching the same year level next year.

Every consideration will be given to the information you provide but no guarantee can be given. Your child will be allocated to a class based on a triangulation of information from parents, teachers and administrators.

Kind regards

Sharon McMorrow
Principal
Yarrilee SS

Student Name: _____ **Current Class:** _____

Parent Signature: _____ **Date:** _____

Please outline information below and return this completed form to the school office by Monday 31st October 2022.
